**CSCI ANNUAL CONFERENCE
PRELIMINARY MEETING PROGRAM**

September 27-29, 2007

Winnipeg, MB - Convention Centre

Thursday, September 27, 2007

YOUNG INVESTIGATORS FORUM

The Young Investigators Forum is designed for clinical investigators, the Canadian Institutes of Health Research clinician scientist trainees, MD/PhD students, Clinical Investigator Program students, members of the Canadian Society for Clinical Investigation, the Canadian Academy of Health Sciences and the Royal College of Physicians and Surgeons of Canada.

The poster competition during the Forum offers the participants an opportunity to obtain experience in communicating the results of their research, answering questions and demonstrating knowledge about their research fields and learning from experienced senior scientist-mentors. The posters will be judged on the quality of the science and on the presentation.

CSCI SYMPOSIUM - Clinician Investigators: Pathway to Future Success

TARGET AUDIENCE

Young and established investigators pursuing research-oriented careers within academic medicine, clinical and medical research trainees, scientists, and clinicians who are interested in learning more about effective strategies for putting research into practice.

OBJECTIVES – At the end of this session, participants will be able to:

- Identify strategies for incorporating basic and clinical research into a successful career path
- Learn about the skills and experience required for research and the importance of mentoring for clinical investigators
- Describe practices that research leaders have used to successfully establish themselves as clinician investigators
- Increase their understanding of research funding available for clinical investigators now and in the future

1000-1030	Refreshment Break
1030-1100	CIP/MD-PhD Training: Past, Present and Future
1100-1200	New CIP and MD/PhD Faculty: Training, Opportunities, Challenges, Mentoring
1200-1230	Lunch (served in the room)
1230-1330	Funding of Clinician Scientists in the 21st Century: Planning an Academic Workforce
1330-1400	Panel Discussion: Opportunities for Trainees and Clinician-Scientists in the Future
